How fresh is freshers?

Everything you need to know about your first 14 days at University

You're about to start a journey like no other, and the most important thing is to get stuck in and have fun.

There's loads of events happening throughout Freshers' Fortnight. For the party animals, there'll be club nights and events; for those that who prefer something a little more laid back, we have an outdoor cinema and *Night at the Museum*; there really is something for everyone.

And it's not all parties and days out either – you'll get to meet your tutors and learn a bit more about your studies and your course. You can join a sports team or a society and meet some new friends too.

But if you're feeling anxious, sad, or homesick there is so much support available to you, so please don't suffer in silence. Just reach out to our advice team – head to Info Point at Kedleston Road or give us a call on 01332 591507 and we'll do everything we can to help.
