An Affiliation Fee means the annual subscription to be paid by members to an organization such as a National Governing body.

A National Governing Body (NGB) is an organisation that governs and administers a sport on a national basis, whether that is for the whole of the United Kingdom (i.e. England, Northern Ireland, Scotland and Wales), for Great Britain (i.e. England, Scotland and Wales) or for one of the Home Countries individually.

Our Sport clubs are either automatically affiliated to an NGB when they set up or they must pay an annual affiliation fee that the Union supports them with. BUCS require the majority of University sports clubs to affiliate with an NGB in order to compete each academic year.

Societies may have organisations/charities that they affiliate to that can offer support and guidance.
